

POSITION VACANT

WORKSHOP SUPERVISOR DURAL

ComfortDelGro Corporation Australia is the largest private bus operator in NSW. Our subsidiaries, Qcity, Hillsbus, Hunter Valley Buses and Blue Mountains Transit, provide passenger transport services to Queanbeyan and Canberra, Sydney's North West, Hunter Valley and Blue Mountains regions. We are part of an international company with an impressive global footprint and a reputation for providing a safe and reliable public transport network that meets customer and community needs.

The Role:

We are seeking a high caliber and experienced Workshop Supervisor to lead and develop our Dural Workshop, including mechanics, to deliver safe and efficient vehicle reliability across our bus fleet. The role offers a genuine opportunity to consolidate your people leadership skills and apply your technical expertise in automotive heavy diesel repairs and maintenance.

An additional focus of the role is to build strong relationships with external stakeholders and government authorities and suppliers to promote our reputation as a quality provider of safe and reliable transport services.

Key Responsibilities:

- Planning and managing the daily operations of the workshop to ensure that daily peak vehicle requirements are fulfilled
- Guiding and coaching our Mechanical Trades team members to optimise the vehicle maintenance workflow, particularly in the areas of job card preparation and assignment, ordering of spare parts and monitoring of workshop KPI's
- Assuming responsibility for fleet compliance with all Roads & Maritime Services regulations and standards
- Conducting regular toolbox talks with team members and undertake performance management processes as required
- Ensuring appointed sub-contractors perform work in accordance with agreed vehicle maintenance standards

POSITION VACANT

Skills, attributes and experience which are essential to succeed in this role:

- Significant demonstrated experience in automotive heavy diesel repair and maintenance
- Leadership and supervisory experience gained within challenging frontline work environments
- Strong knowledge of WHS requirements within a heavy vehicle repair workshop
- Well-honed written communication, interpersonal and influencing skills to confidently deliver outcomes with stakeholders both inside and outside the organisation
- A pragmatic, professional and energetic approach to 'getting things done' with a high level of independence and autonomy
- A minimum MR drivers' licence, or the ability to obtain same or higher

The role represents an opportunity to become a fundamental member of ComfortDelGro Corporation Australia's Engineering Team.
